

Wire Strippers

Precision Stripping

For stripping vinyl sheath. Makes work efficient. Highly accurate stripping.

AWG-mm-mm² conversion table. Lightweight and compact. Wide stripping range applicable with most cables.

No.3000 Wire Stripper

◆Barcode labeled

- For stripping vinyl sheathing off wire
- Nimble and cleanly strips off sheathing in a single operation.
- Resin grip comfortably fits the hand to lessen hand fatigue.
- Available in 6 types according to target wire
- Can be used with wiring for TV, radio, home appliances, electrical work, automotive circuits, telephones, etc.
- Strip gauge provided only on 3000A, B, C and D.

Model No.	Overall length mm	Weight g	Wire diameter and nominal sectional area	Handle color	Outer Ctn.
3000A	170	350	0.5/1.2/1.6/2.0mm (For solid wire)	Green	20
3000B	170	350	1.0/1.6/2.0/2.6/3.2mm (For solid wire)	Red	20
3000C	170	350	0.9/1.25/2.0/3.5/5.5mm ² (For strand wire)	Black	20
3000D	170	350	0.75mm ² ×2-wire / 1.25mm ² ×2-wire (For flat vinyl wire)	Orange	20
3000G	170	350	3.8mm / 5.6mm / core wire (For 3C2V, 5C2V coaxial cable)	Dark blue	20
3000VA	170	350	1.6mm×2-wire / 2.0mm×2-wire (For VA, IV wire)	Blue	20

No.3500 Wire Stripper

◆Barcode labeled (Sliding type package)

- Lightweight (100g), compact handy type.
- Diamond polished blade for precision stripping.
- AWG-mm-mm² conversion table on grip.

Model No.	Overall length mm	Weight g	Wire diameter and nominal sectional area	Handle color	Inner Ctn.	Outer Ctn.
3500E-1	155	100	AWG 24/22/20/18/16/14/12	Red	5	30
3500E-2	155	100	AWG 30/28/26/24/22/20/18	Yellow	5	30

No.3000 Wire Stripper Blade

- Replaceable blade of No. 3000 stripper. Enables near perfect circular cut. Maintains sharpness without wearing down.
- For large volume stripping

Model No.	Applicable wire stripper	For	Blade
WB-001	3000A	For strand wire	C
WB-002	3000B	For strand wire	C
WB-003	3000C	For strand wire	C
WB-004	3000D	For flat vinyl wire	D
WB-008	3000G	For coaxial cable	G
WB-007	3000VA	For VA (2-wire)	VA
NO.3000	Blade	For solid wire	A
		For VA (2-wire)	B

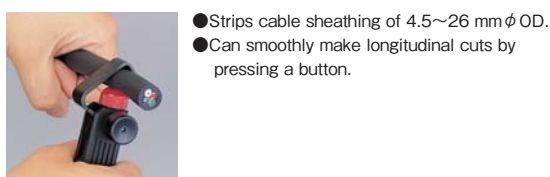

No.3700KR Cable Stripper

◆Barcode labeled (Sliding type package)

- Wide stripping range applicable with most cables
- Simply turn a dial to set strip depth.
- Lightweight, compact and easy to carry.

Overall length mm	Weight g	Strip Capacity	Inner Ctn.	Optional
122	60	Seath O/D 4.5~26mm φ	1	Blade No.3700KR-1 Blade holder set No.3700KR-2

- Strips cable sheathing of 4.5~26 mm φ OD.
- Can smoothly make longitudinal cuts by pressing a button.

⚠WARNING Concerning Wire Strippers

- Do not use on live wires.
- Cut sheathing can fly about, therefore be careful of surrounding area when working.
- Check product capacity and specifications before use. Use products of a suitable size.

Due to product improvement, above specifications and measurements are subject to change without notice in prior.

Smallest Grip Span

Ergonomic palm-sized grip makes it easy to hold and improves the stripping efficiency!

Innovative Ratchet Cut / Stripping for VA Cable! Patent Applied

Major 4 sizes of VA electrical cable can be stripped:

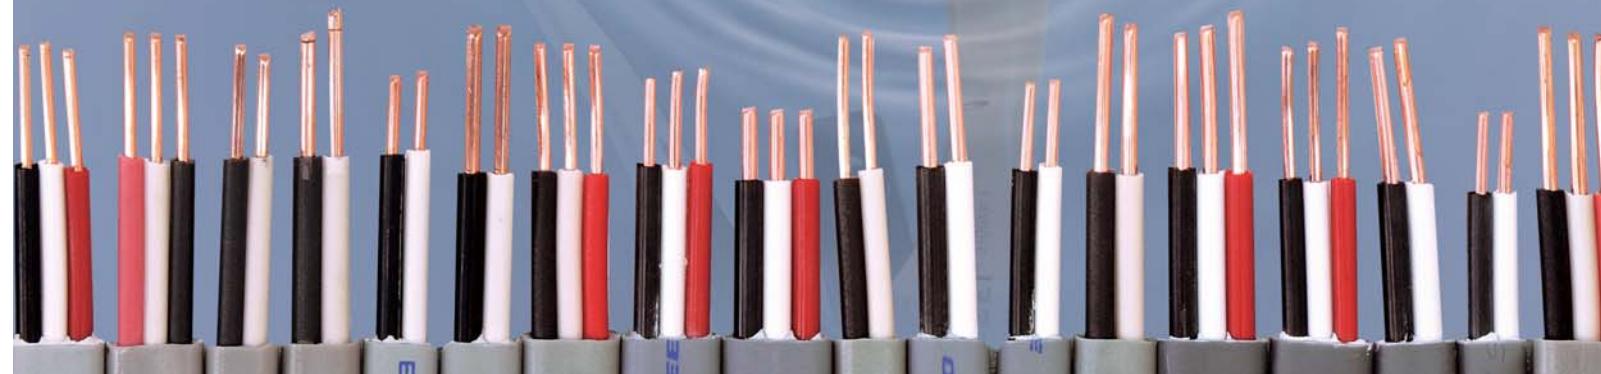

- φ1.6mm duplex
- φ2.0mm duplex
- φ1.6mm triplex
- φ2.0mm triplex

PVC cables (VVF / VA cables)
PE cables (EM-EEF / Eco cables)

Introducing an innovative two-step cable stripper. Tough PE sheath

First in the market cables can be beautifully stripped for stable electricity.

User-friendly grip

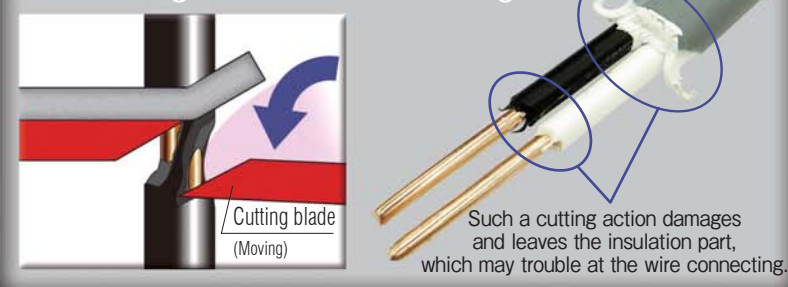

Patented Unique Ratchet Cut / Stripper

Pioneering "Two-step stripping" has been thoroughly redesigned as the first in the market of VA cut / strip field. Palm-sized grip makes it easy to hold and improves your work efficiency. The metal injection molded cutting blade can cut hard PE sheathed cables sharply and instantly. Combined with its proprietary two-step stripping action, perfect cutting is secured.

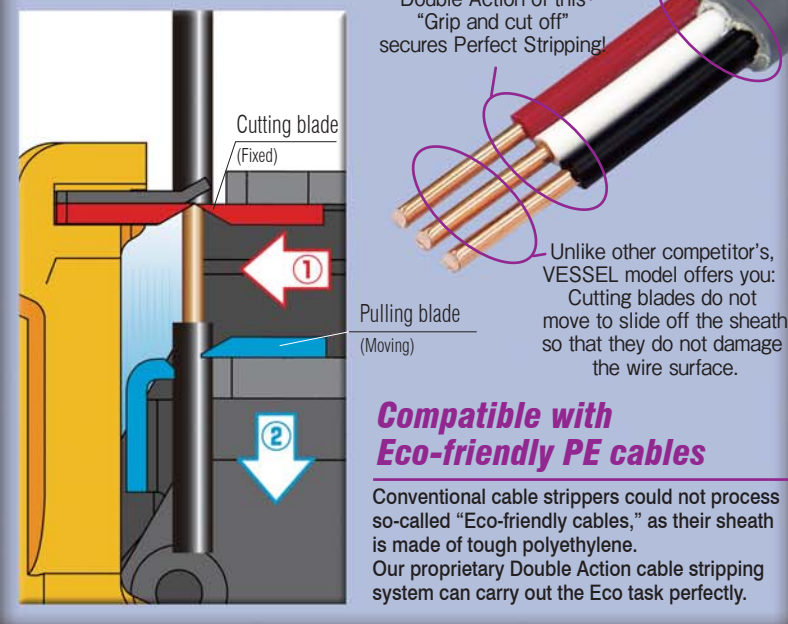

How conventional cable strippers work...

Conventional products tear off the sheath in its dull pulling off as the cutting blades move while cutting.

How VESSEL's cable stripper works...

The cutting blade cuts the cable sheath, and the Pulling-Blades take off the insulation sheath.

Double Action of this "Grip and cut off" secures Perfect Stripping!

Unlike other competitor's, VESSEL model offers you: Cutting blades do not move to slide off the sheath so that they do not damage the wire surface.

Compatible with Eco-friendly PE cables

Conventional cable strippers could not process so-called "Eco-friendly cables," as their sheath is made of tough polyethylene. Our proprietary Double Action cable stripping system can carry out the Eco task perfectly.

Outstanding and incredible durability

The blades are manufactured with high precision by the latest metal injection technology. In addition, as our cable stripper uses its cutting blades only for cutting, its blade life becomes much longer.

Metal injection

Blades for outer sheath are placed at the outer side.

Even when you need to strip a long length, the cable will be placed freely without your finger disturbs.

1 Grip and squeeze the handles and then release them.

Double Action mechanism secures precision stripping!!

Beautiful stripping promised for everyone!!

2 Even strong gripping again.

For outer

For inner

Reset button

Even if the cable sheath jams, the blades can be released instantly by the "Reset" button.

Lightweight for Best Workability!

Aluminum die-cast body is light and strong. Maximum weight reduction has been achieved through intensity calculation and reduction of parts. Even when you need to strip a lot of cables, its ergonomic design minimizes the fatigue of your hand stress.

Hanging hole

New Standard for Grip Span!

The grasp width is kept up to 100mm and ergonomically designed to fit in your palm. Our wire stripper does not strain your fingers and hand as the grip can be squeezed by the whole palm.

Easy blade adjustment and replacement

Our "Double Action Stripping" mechanism has also made it easy to replace the blades. With the handles gripped once, the blades will be locked at the closed position, making it possible to replace them by just removing the screws.

Must-carry item for All Electricians.

Double Action Stripping VA cable stripper
